

## FROM WASHINGTON.

[Special Correspondence of the ALEX. GAZETTE.]  
WASHINGTON, D. C., Aug. 6, 1889.  
U. S. Judge Paul, U. S. District Attorney  
Craig, and U. S. Internal Revenue Collector  
McCall, were in the city yesterday, it was  
rumored to oppose the appointment of  
Grubbs to the Richmond postoffice, but  
whether or not is not known. If so, their  
work was certainly one of supererogation,  
as it had long before been determined that  
the place referred to would be given to Mr.  
Blair Morris.

Since Mr. John S. Wise has returned to  
New York, from which city he occasionally  
comes down to this town to see about Vir-  
ginia affairs, he has denied that he was ve-  
hement in the presence of Mr. Harrison.  
Before his interview with the President he  
said he would take the stump in Virginia  
for the republican ticket if treated fairly, and  
make things lively down there, but since  
that interview he has had no more to say on  
that subject.

Congressman Williams, of Ohio, a republi-  
can, was at the Capitol to-day. He says it  
would not be unusual if the democrats  
should elect a majority of the legislature in  
his State this year, as they have done so in  
every year following a Presidential election  
for the last twenty years. He says, how-  
ever, there is no doubt about the election of  
Forsaker, the republican candidate for Gov-  
ernor.

Up to two o'clock to-day neither of the  
two newly appointed internal revenue col-  
lectors for Virginia had filed his bond at the  
office of the Commissioner of Internal Re-  
venue. There is no legal limit to the time in  
which they can file their bonds, but they  
cannot enter upon the discharge of their of-  
ficial duties until their bonds are filed.

Capt. Douglas Tyler of Virginia, chief  
clerk in the private land claims division of  
the Interior Department, having refused to  
resign that position at the request of Sec-  
retary Noble, was removed yesterday, and an  
Indiana republican appointed in his place.

A well "posted" Virginia republican here  
to-day says the account of the recent inter-  
view between the President, Col. Clarkson  
and Mr. John S. Wise is pretty correct, with  
the exception of the statement that Colonel  
Brady contemplated resigning his position  
as collector of internal revenue in order  
to take an active part in defense of his wing  
of the republican party in Virginia. He  
says that that statement was calculated to  
throw discredit upon the whole account, as  
those acquainted with Col. Brady know that  
though the son may relinquish the father  
and the father the son, the Colonel  
would let go an office even when it thunders.

The following changes in the 4th class  
postoffices of Virginia were made to-day:  
Accomack, C. H. Accomack postmaster, vice  
F. Parker, appointed postmaster, vice W. C.  
Bell, removed; Afton, Nelson county, T. W.  
Goodloe, vice J. A. Hall, removed; Bow-  
ling Green, Caroline county, W. C. Digges,  
vice L. J. Baker, removed; Cashville, Ac-  
comack county, Geo. H. Nook, vice H. R.  
Boggs, removed; Churchwood, Pulaski  
county, F. L. Harris, vice W. H. Gillian, re-  
signed; Fillet Hill, Rappahannock county,  
Jos. Pomfret, vice F. C. Oden, removed;  
Livingston, Nelson county, Jas. A. Stevens,  
Wm. Stephenson, removed; Moorman's  
River, Albemarle county, Abby H. Wood,  
vice T. E. Powers, resigned; Moss  
Neck, Caroline county, W. H. Mc-  
Call, vice J. H. Broadus, removed;  
Oak Hall, Accomack county, E. H. Con-  
quest, vice J. O. Selby, deceased; Rappa-  
hannock Academy, Caroline county, B. G.  
Blythe, vice J. R. Broadus, removed; Pu-  
berty Glen, Caroline county, James E. Smith,  
vice Levi Stern, removed; Sugar Grove,  
Sentinel county, J. W. Nelson, vice J. K.  
Whitcomb, deceased; Sykes, Accomack  
county, J. W. Druce, vice G. W. Glenn, re-  
moved; Valley View, Smyth county, W. L.  
Richardson, vice E. D. Richardson, removed;  
Waverly Station, Sussex county, S. S. Ellis,  
vice R. W. Chappell, resigned.

Some time ago Secretary Tracey said he  
was perfectly satisfied with his present po-  
sition and was not thinking about the  
vacant seat on the Supreme Bench. Last  
week about ten of the Secretary's New  
York friends met here "by chance," though  
not more than three stopped at the same  
hotel. They urged the President to fill the  
vacancy referred to by the appointment of  
the Secretary. But Mr. Harrison stopped  
all further efforts in that direction by tel-  
ling them plainly that Mr. Tracey did not  
live in the circuit presided over by the late  
Judge Matthews, and that he would not ap-  
point him.

Republicans from Virginia here to-day  
say they do not credit the report that Gen-  
eral Mahone will be the republican candi-  
date for Governor of their State next fall; he  
can be, they say, if it be his pleasure, but  
their belief is that he will make ex-Con-  
gressman Bowen or some one else the gov-  
ernatorial nominee, and that he will  
devote all his time and attention to the  
election of the twenty-fold over State sen-  
ators who will take part in the election of U.  
S. Senator Daniel's successor.

An Alexandria republican here to-day says  
there was a conference of the leaders of the  
wing of the party in his city last night, at  
which arrangements were made for electing delegates  
to the coming State convention. He says that  
a great many of the anti-Mahone faction have  
come back to the General's fold, and that there is  
no doubt that a unanimous Mahone delegation will  
be sent from Alexandria, both city and county.

Letter from Fairfax  
[Correspondence of the ALEX. GAZETTE.]  
FAIRFAX COUNTY, Va., Aug. 5, 1889.—  
Happening for a few days in the beautiful  
little town of Fairfax C. H., I take the lib-  
erty of writing for you a few items of news  
gathered during my stay there.

The new County Treasurer, Mr. L. R.  
Donohoe, has qualified and entered upon the  
discharge of his duties, and from the pre-  
vailing opinion in the county, he will be  
as popular as an official as was his pre-  
decessor, the lamented Maj. Jno. H. Chi-  
chester. Mr. Donohoe, I understand, will  
"be his own clerk."

The impression at the Court House is that  
the county delegation to the democratic  
State convention will go with the intention  
of learning at Richmond who the most avail-  
able man is for the gubernatorial nomi-  
nation—wise delegates.

I was unable to see and interview my  
friend R. W. Moore, senator from the coun-  
ties of Fairfax, Alexandria and Prince  
William, he being absent during my brief  
stay at the Court House.

I had the pleasure on Sunday morning  
last of listening to a fine sermon by the  
Rev. Frank Page, rector of Zion Episcopal  
Church at that place. He spoke mainly on  
the subject of Foreign Missions, and was  
the subject of forcible in a high degree. I  
noticed amongst the communicants one of  
Alexandria's fair daughters, Miss Kate Es-  
towise, whom, I learn, is a visitor at the  
Court House, and is quite popular. Another  
of the fair ladies I knew in the congrega-  
tion was Miss Edith Moore, who has just  
returned from a visit to an adjoining county.  
Yet another was the handsome Miss Thom-  
as, Miss Rose, I think, daughter of Judge  
Thomas, of the Court House. His daughter,  
Miss Maggie, who has been quite ill, is  
glad to learn, about well again. I noticed  
among the fine male voices in the choir of  
Zion church that of Judge Chichester, Judge  
Zion of Alexandria and Fairfax counties. Mr.  
Wm. N. Berkley, of Alexandria is visiting  
there.

Lord Teenyson finishes his 80th year to-  
day.

## NEWS OF THE DAY.

The royal grants bill passed the House of  
Commons yesterday.

Haytian war news reports a repulse of  
Hyppolite at Port au Prince.

The Prince of Wales is said to be in an  
unsatisfactory state of health.

The American vessel Vidette, seized for  
violating Canadian customs laws, has been  
released.

The trial of the parties indicted for the  
murder of Dr. Cronin in Chicago has been  
set for August 26.

The injured warship Boston arrived at the  
Brooklyn navy yard yesterday. In coming  
in she took off a small part of the quarter  
gallery of the Vermont.

It is said that the sugar trust and the out-  
side refineries have made a secret compact  
apportioning the output on the basis of 70  
and 30 per cent. respectively.

John L. Sullivan was sent from Jackson  
to Pulvis, Miss., yesterday, to give bond for  
his appearance. Jake Kilrain is still at  
Hampton. He was not arrested, as rumored.

The Rev. Dr. George Zabriskie, lay dean of  
the Protestant Episcopal Theological school at  
Cambridge, Mass., died yesterday at  
Sharon Springs, N. Y., of Bright's disease,  
aged 51 years.

The President yesterday appointed Wm.  
H. Hart, of Indiana, Third Auditor of the  
Treasury; John T. Rankin, of Pennsylvania,  
Deputy Auditor of the Treasury for the  
Postoffice Department.

Returns from the Kentucky election for  
State treasurer show a democratic victory.  
The democratic counties, so far as heard  
from, show an increase for him over the ma-  
jority given Buckner in 1887.

The body of Melaine Koll, the little  
daughter of Gustav Koll, who was supposed  
to have been stolen by gypsies, was found  
yesterday floating in the river at the foot of  
Eighth street, College Point, L. I.

It is said that the entire Pacific fleet of the  
British navy, with the exception of two tor-  
pedo boats, steamed out of Esquimaux har-  
bor three days ago, bound for the scene of  
the recent seizure on Behring Sea.

Secretaries Windom and Proctor express  
favorable opinions concerning the working  
of the civil service law in the departments.  
Secretary Noble is not enthusiastic over it,  
and Attorney General Miller and Secretary  
Rusk decline to commit themselves.

The strike in the Connellsville coke re-  
gion has assumed immense proportions. Of  
the 14,000 ovens in the region not less than  
12,000 are now idle, and the managers of  
the strike assert that over 1,000 of the re-  
maining ovens will be shut down to-mor-  
row.

Russell B. Harrison, son of the President,  
now abroad, must come into court and an-  
swer the complaint of Col. Schuyler Crosby,  
of New York, who sues for \$100,000 dam-  
ages for alleged false, malicious and libelous  
articles published in a Rocky Mountain  
paper some time ago.

In Liverpool yesterday Mrs. Maybrick  
testified in her own behalf, in her trial for  
the murder of her husband, that she had  
been using arsenic in a cosmetic for her com-  
plexion, and that just before her husband  
died she confessed a great wrong to her hus-  
band, and was forgiven.

The bodies of Wm. Dolan and his young  
wife whom he killed in Baltimore on Sat-  
urday night, before he ended his own existence,  
were deposited together in one large grave  
yesterday afternoon in Greenmount  
Cemetery. The same religious services that  
were said for one were said for the other.

The faith curists, of Middletown, N. Y.,  
are rejoicing over what they term a miracu-  
lous answer to prayer. Mrs. Wilhelm Bice,  
who had been blind for fourteen years,  
asked for prayers at a meeting in that city  
July 25, which was conducted by Eder  
Hancax, of the faith cure church of the First  
Born, Jersey City. Her sight was restored  
the next day, and yesterday at a public  
meeting she read from fine print without the  
aid of glasses.

A bloody duel was fought on Sunday near  
Cottonport, Louisiana, between Harry Du-  
cote and his son-in-law, Charlie Armour.  
There were about fifty men present. The  
combatants approached each other and  
commenced firing. Both fell prostrate. Du-  
cote was struck in the stomach with seven  
bullet holes, making a fatal wound, while  
Armour's right knee was shattered by a rifle  
ball. The fight grew out of an altercation  
at a ball the night before.

The Spanish bark Victoria, which left  
Havana July 15 for St. John, N. B., with a  
cargo of sugar, struck on Murrells ledge, near  
Grand Manan, during a dense fog Thursday  
night and sunk immediately. The crew of  
fourteen men and the captain took to the  
boats with nothing but the clothes which  
they wore, and without food, compass, or  
drift. They drifted about until Saturday  
when they landed on Wolf Island, whence  
they rowed to Eastport, Me., on Sunday.

The Southern republicans, encouraged by  
what they have achieved since they pro-  
tested against the sectional policy of the  
President, are aiming at higher things. A  
movement is now on foot to have General  
Nathan G. B. of West Virginia, made At-  
torney General of the United States. The  
suggestion is based on the theory that At-  
torney General Miller is going on the Su-  
preme Bench in place of Stanley Matthews.  
The gossip in Washington is that if any  
member of the Cabinet is put on the Su-  
preme Bench it will be Secretary Tracy.

## Reviewed by the Kaiser

As stated in the GAZETTE, the review of  
the great naval fleet at Portsmouth took  
place yesterday afternoon according to pro-  
gram. The weather was clear and a high  
wind was blowing. As the emperor ap-  
proached the fleet in his yacht the German  
standard was displayed at the main of  
each ironclad, a salute was fired by the  
combined fleets, and yards were manned.  
The imperial standard floating at the main  
of the Hohenzollern was the only pennant  
displayed on the Kaiser's luxuriously ap-  
pointed yacht. The review was a brilliant  
success. Upon its conclusion Emperor Wil-  
liam received the Admirals commanding  
the British fleets on board the Hohenzollern  
and congratulated them upon the splendid  
appearance of the fleets. There were 113  
modern war vessels in the review. With  
the visiting German squadron and the  
huge ocean liners diverted for a day to the  
accommodation of spectators, there were  
three times that number off Portsmouth.  
The crews alone of these 113 men of war  
numbered over 21,000 men. The whole  
fleet at Spithead carried 558 guns.

TERRIBLE RIOT IN SIAM.—The Japan Ga-  
zette, received at San Francisco yesterday,  
contains an account of a terrible riot be-  
tween two factions of the Chinese coolies at  
Sang Kong, Siam. About 5,000 men en-  
gaged in a conflict. Spears and firearms  
were used, and a great number were killed.  
The coolies were more or less under the  
influence of drink and fought like demons.  
Several times the coolies would dig their  
spears into the wounded men and hold their  
bodies aloft, all the time yelling hideously.  
The Siamese troops charged the rioters and  
after bayonetting a number of them quelled  
the disturbance and captured 900 of them,  
who were afterwards released with a light  
fine.

## VIRGINIA NEWS.

Miss Annie Ambler Fitzhugh, daughter  
of the late William Henry Fitzhugh, died,  
at Fredericksburg yesterday after a brief  
illness.

State Senator Charles Gee, of Petersburg,  
has tendered his resignation to the Govern-  
or, and the same was accepted. Mr. Gee  
resigned to accept a position under the  
United States Government at Alaska.

On Sunday at Grace Episcopal church,  
Rev. Bishop Whittle ordained to the priest-  
hood Rev. Messrs. Morris and Kinsolving  
missionaries to Brazil. Rev. Carl E. Gram-  
mar, of the Theological Seminary, preaching  
the ordination sermon.

Gov. Lee left Richmond yesterday morn-  
ing for Clifton Forge, and to-day he will  
take his private team, and drive over to  
Daggers Springs. Later on he will go to  
the White Sulphur. The Governor expects  
to return to Richmond about the time of the  
convention.

The Lynchburg Light Artillery arrived at  
Warrenton yesterday. The mayor received  
them at the Town Hall, where they par-  
ked off at breakfast. After marching through  
the principal streets, they proceeded to the  
Fauquier White Sulphur Springs, where  
they will encamp for ten days.

Rev. William Ambler, of Virginia, who  
has been acting pastor of St. Peter's Epis-  
copal Church, in Baltimore, for a month  
past, concluded his duties there Sunday,  
and will start for Japan August 21, by way  
of San Francisco, as a missionary of the  
Protestant Episcopal Church.

Mr. Brady, the newly appointed collector  
of internal revenue, yesterday took charge  
of the Richmond office. He has appointed  
Mr. Zach. Meredith, of Louisa county,  
deputy collector for the sub-district em-  
bracing Louisa, Spotsylvania, and Caroline  
counties, and the city of Fredericksburg.

William H. Talman, who holds the po-  
sition of deputy clerk in the chancery office  
of Richmond, shot himself yesterday. He  
had been drinking and Mr. Goddin, the  
clerk, had given him a friendly admonition.  
He tendered his resignation, went home  
and shot himself in the left breast. Mr.  
Talman told his wife that the shooting was  
accidental, but it is believed he shot him-  
self with suicidal intent. Doctors think that he  
may recover.

## Mr. Wise's Side.

Mr. John S. Wise, in response to a tele-  
gram from the Richmond Dispatch asking  
for his version of his interview with the  
President, last night sent the following:

NEW YORK, August 5, 1889.

To the Editor of the Dispatch:  
The Sun's report is highly sensational and  
in many particulars absurd. I would be in-  
capable of disrespect to or vehemence with  
the President. He has been too kind to me  
personally to admit of such conduct on my  
part. Our interview left us as friendly as  
ever, and I saw him again in the afternoon.  
I am sorry the names of Brady and Grubbs  
were lodged into it. Brady has been true  
to me throughout, and it is a pity if Grubbs,  
who is so much more fit than any other per-  
son named and who is the choice of so large  
a majority of both parties, is to be prej-  
udiced by such a publication.

JOHN S. WISE.

## State Delegates

A majority of the delegates from Alber-  
marle to the Virginia democratic con-  
vention, it is said, favor O'Ferrall for Governor.  
Frederick county elected an unopposed dele-  
gate.

At Spotsylvania, yesterday, delegates  
were elected to the convention. With two  
exceptions the delegates favor Balme for  
Governor.

Franklin county sends a solid delegation  
for O'Ferrall.

A MONSTER OIL SHIP.—The Standard  
Oil Company's new steamers for carrying oil  
in bulk will be ready for service in Sep-  
tember. The first vessel, named the Bay  
onne, was launched on the Clyde on July 2  
and has a capacity for 4,000 tons. She will  
have electric lights, steam steering gear and  
triple expansion engines, and will carry  
1,500,000 gallons, which can be discharged  
in ten hours.

LOCKED ALL DAY IN A VAULT.—There was  
quite a sensation occasioned at Grafton, W. Va.,  
Sunday afternoon by the discovery that Hon. J.  
W. Mason, Commissioner of Internal Revenue,  
was locked up in one of the Court House vaults.  
The commissioner arrived at Grafton from Wash-  
ington on Saturday to attend to some legal busi-  
ness, and Sunday had occasion to go to the Court  
House to look up some old records which were  
stowed away in a vault. The commissioner, ab-  
sent-mindedly, pulled the heavy door shut and  
was caught a prisoner, as the door had a spring  
lock. This vault was in a distant part of the  
building, and it was not until about 5 o'clock in  
the evening that Mr. Mason realized the predicament  
he was in. He climbed up to a small ventila-  
ting window and put in the next hour yelling  
for assistance. After he was discovered it took  
half an hour to find the man who had the key to  
the lock. The commissioner finally got out mad  
and hot.

THEY LOST THEIR WIVES.—Two wives were  
lost yesterday in a ludicrous manner, and the men  
who had suddenly been made widowers made  
matters lively about Second and Walnut streets.  
One of the men engaged passage on the bark El-  
cho, bound to St. Croix. Accompanied by his wife  
and a gentleman friend and his wife they went  
aboard the vessel. Leaving the women on the  
bank the men went ashore to see the city. They  
saw so much that the captain became impatient  
and sailed off for the West Indies, carrying the  
two wives with him. The deserted husbands were  
seeking a revenue cutter with which to chase the  
Elcho and recover their wives.—Phila. Record.

Brown's Iron Bitters is a specific in al-  
cases of swamp fever, intermittent fever, and  
malaria of any name. Low marshy ground,  
stagnant pools of water, decaying vegetable  
matter, changes of climate while suffering  
from general debility, all produce malaria.  
Brown's Iron Bitters cures all forms. Don't  
use quinine. It creates constipation, pro-  
duces headache, and infrequently rheuma-  
tism and neuralgia. Brown's Iron Bitters  
never does. It will cure them.

## Row at a Colored Picnic.

CHICAGO, Aug. 6.—The colored barbers'  
picnic at Island Park yesterday wound up  
with a fatal affray. Col. Duncan imagined  
that Ed Bennett had insulted his wife, and  
whipping out a revolver shot Bennett  
through the head, killing him. He then  
walked to the depot. A crowd of Bennett's  
friends soon followed and found Duncan in  
the waiting room. He tried to use his re-  
volver but his pursuers fired four bullets in  
to his body before he could shoot. He arose  
and again tried to fire and two more bul-  
lets followed. As he lay on his face bleed-  
ing from his wound, a big negro jumped on  
him and with a knife slashed his back until  
the flesh lay in strips. Not satisfied with  
this some of the crowd kicked the prostrate  
man about the head and one hammered  
him with a brick. A special officer had a  
hard time driving them away at the point  
of a revolver. Duncan was brought to the  
city and died during the night.

## Returned to Life.

ELKHART, Ind., Aug. 6.—After several  
days sickness the young daughter of Mr.  
and Mrs. F. M. Boshliher of this city was  
given up by the physicians as dead, her  
heart and pulse beats being imperceptible,  
while her eyes were glazed, her under jaw  
dropped and the death rattle was in her  
throat. Her father went to L. Grange, had  
a grave dug and made the necessary arrange-  
ments for the funeral yesterday in company  
with several relatives. He came back to be  
astonished upon approaching his home to  
learn that his daughter, several hours after  
his departure, and while lying in her shroud,  
had returned to life and was rapidly improv-  
ing. The case puzzles the community, but  
the joy of the parents over the restoration  
of their daughter is unbounded.

## Republican Nomination

NEW ORLEANS, Aug. 6.—The republican  
convention for the 31 Congressional district  
of this State at Franklin, yesterday, nomi-  
nated H. C. Minor of Terrebonne to succeed  
E. J. Gay, democrat, deceased. This de-  
cides the fight between the progressive  
republicans, headed by Dudley Coleman,  
Congressman-elect from the Second district,  
and other native Louisianians, and the old  
time carpet bag element of the party, led  
by ex Gov. Kellogg, and others. It is under-  
stood that the President gave notice that  
in the distribution of the Louisiana offices he  
would recognize that element which show-  
ed itself the stronger in the State by carry-  
ing the Third district Convention.

## Knocked Out in Less than Three Minutes

BUFFALO, Aug. 6.—Peter Jackson, the  
colored pugilist from Australia, and Paddy  
Brennan, a Buffalo heavy weight, had a  
scrap at Ganess Hall last night. Parson  
Davies officiated. Brennan \$1,200 to stand in  
front of Jackson four rounds. The men  
faced each other with hard gloves. Bren-  
nan made a smash at the Australian's stom-  
ach, his vulnerable point. Jackson retali-  
ated on the big Buffalonian with a series of  
quick, swinging left handers, the last split-  
ting his nose, when Brennan was carried off.  
The fighting lasted only 2 1/2 minutes, but it  
was called a round. The police then stopped  
the fight.

## The Hop Crop Damaged.

UTICA, Aug. 6.—A reporter yesterday  
visited between 600 and 700 acres of hops in  
this county and reports that the crop is  
materially damaged by blight. The Hum-  
phrey, which is an early variety, is found to  
be of full yield, but in many cases the late  
varieties will not pay for picking. In a  
whole day's travel through the heart of the  
hop country of the State of New York not a  
single yard of a late variety was discovered  
in which the blight had not worked serious  
harm.

## Daring Escape.

LAPORTE, Ind., Aug. 6.—Henry Shoe-  
maker, Wm. Van Adken, Hubley Volheim,  
and John Doe made a daring escape from  
the county jail, yesterday, by tunnelling  
through the rear wall. The two first named  
were recaptured in a piece of woods a few  
miles from the city. The others are still  
at large, but they have been located near.  
A posse of men have surrounded the strip  
where they are supposed to be and their  
capture is only a question of time.

## Horrible Death.

READING, Pa., Aug. 6.—At Bechtelville,  
this county, in the works where Thos. A.  
Edison's new invention, an iron ore sepa-  
rator, is being tested, Philip Dougherty, the  
engineer, met a horrible death this forenoon.  
His clothing caught in one of the big belts  
and his body was drawn between two roll-  
ers through a space half an inch wide.  
The entire machinery weighing many tons
